 Financial advice  
from a robot 

I've been having conversations with people about money -- fiat and otherwise.

I tip waiters at cafés in Bitcoin Cash, get them set up using it... then when I come back the next week, they're talking about Ethereum!

I'm also passionate about sovereignty.

In the past I've never spent a second more than I needed to on thinking about money.

HOW HAVE YOU STILL NOT DONE YOUR INVOICING, DAVID

As a result,  
I'm not especially  
financially literate.

I've seen financial planners  
and kind of felt like,

"I dunno, you seem to be  
a footballer stuffed  
into a suit."

Well -- you can do a  
two week course.  
Pay \$5000 and literally  
be a financial planner  
in two weeks' time.

Maybe I'd better  
do it.

With all the  
scandals,  
it's being  
changed.  
Get in quick!

Maybe it's because I'm so ignorant -- but I managed to learn some things about making money from just this one conversation.

What is your general attitude toward money & finance?

"NECESSARY EVIL"?

And this... is not a financial expert!

WHEN YOU SAY  
"PASSIVE INCOME"  
YOU'RE DESCRIBING  
A HYPOTHETICAL  
"MONEY MACHINE".

YOU CAN'T MAKE  
A MONEY MACHINE  
OUT OF STICKS  
AND GRASS.

IT EITHER REQUIRES  
CAPITAL INVESTMENT...

... OR WORK NOW TO  
BUILD THE MACHINE.

# RISK VS. REWARD

IF THERE'S REWARDS TO BE MADE, THERE'S A BIG RISK. I GUARANTEE IT. THERE'S NO SUCH THING AS A BLUE CHIP, HIGH RETURN SITUATION.

YOU'LL EITHER MAKE A LITTLE BIT OF MONEY SAFELY OR A LOT OF MONEY UNRELIABLY.

There's a lot of people around who are really invested in making us believe that's not the case.

# BIG DONG CASH

Do my seminar  
and learn the secrets  
of my big fat wad.

YEAH, RIGHT.

IF YOU HAVE THESE  
GUARANTEED  
GREAT WAYS OF  
MAKING MONEY,  
WHY AREN'T  
YOU DOING IT  
INSTEAD OF TEACHING  
OTHER PEOPLE  
HOW TO DO IT?

Because  
the generosity  
of his  
heart.

"I'VE MADE ENOUGH MONEY --  
I JUST WANT TO HELP PEOPLE".

HEH HEH.

# AVOID MIDDLE-MEN -- UNLESS IT'S YOU

THE WORLD'S BIGGEST HOLIDAY COMPANY OWNS NO REAL ESTATE.

THE WORLD'S BIGGEST TAXI COMPANY OWNS NO CARS.

THEY'RE WORKING ON THE "META-ORGANISATION" IDEA, WHERE THE ACTUAL PRODUCT IS MADE BY SOMEONE ELSE, AND THEY JUST SET THEMSELVES UP AS A MIDDLE-MAN.

AND THAT'S PROBABLY THE CLOSEST YOU CAN GET TO PASSIVE INCOME -- IS BEING A GOOD MIDDLE-MAN.

# HANG AROUND RICH PEOPLE

MY SISTER DID ONE OF THOSE PROPERTY SEMINARS, AND I SAID,

WHAT'S YOUR SUMMARY OF THE PRESENTATION?

"OPPORTUNITIES TO MAKE MONEY COME TO PEOPLE WHO'VE ALREADY GOT MONEY.

SO HANG AROUND RICH PEOPLE. THERE'S MORE MONEY FLYING AROUND, AND YOU CAN STICK YOUR OAR IN IT."

Right.  
Make yourself  
useful to them.

TRY AND ADOPT  
THEIR ATTITUDES.

DOESN'T SOUND  
THAT FUN TO ME...

# SEE THE FUTURE

BEING ABLE TO  
SEE THE FUTURE  
IS THE BEST  
GUARANTEED WAY  
TO MAKE MONEY.

MY DAD WAS PLAYING THE STOCK MARKET  
MANY YEARS AGO, AND I TOLD HIM,

LOOK INTO PLATINUM AND LITHIUM.

WHAT, THE METALS? WHY?

THEY'RE WHAT'S  
BEING USED IN  
ALL THE NEW  
BATTERIES AND  
CATALYTIC  
CONVERTERS.

LITHIUM ION BATTERIES ARE IN EVERYTHING THESE DAYS, AND THEY DIDN'T EXIST 20 YEARS AGO.

IF YOU LOOK AT THE PRICES FOR THOSE STOCKS -- LITHIUM, COBALT, PLATINUM -- OVER THE LAST TEN YEARS, THEY'VE GONE BALLISTIC.

IF YOU COULD'VE PREDICTED THAT AND BEEN IN THE STOCK MARKET, YOU COULD'VE MADE A LOT OF MONEY.

SO YEAH -- FUTURE VISION IS THE SKILL YOU WANT, BASICALLY.

Cool -- so if anything **money-making** is about to happen in **indie comics**... I'll be ready!

It never will!
